

Dell Precision M2800

Professional power. Budget intact.

Performance, reliability and affordability in one

Never before has mobile workstation performance been so affordable. The Dell Precision M2800 workstation can make the architecture, engineering and 3D design applications you already use run at their fullest potential.

Seamlessly run your applications

This workstation is independent software vendor (ISV) certified, meaning that the experts who made your software ensure that this machine will run it as intended, at full speed.

Superior Performance

Get the power you need with optimized application workflow with Dell Precision Performance Optimizer (DPPO), Intel® Core™ i7 processors and the professional-grade AMD FirePro™ graphics card.

Professional features

Get a crisp, clear FHD display, up to 1TB of storage, up to 16GB of memory and docking capability.

Most secure mobile workstation

Data is your most valuable asset. Protect it with the most secure business laptop on the market.

Dell Precision M2800 guards your data with industry-leading endpoint security solutions that include the most comprehensive encryption, strong authentication and leading-edge malware protection.

Most manageable laptop

Easily manage your fleet with exceptional integrated management capabilities that include Intel® vPro™ technology and exclusive automated tools that plug into Microsoft System Center and Dell KACE.

Remotely manage your fleet with next-generation Intel® vPro™ technology¹ and update once and everywhere with Dell-unique Intel vPro extensions for remote BIOS management and hard drive wipe, even when systems are powered off.

Outstanding reliability

Travel and work with confidence knowing your Precision M2800 features a business-rugged design. Its MIL-STD-810G-tested Tri-metal™ chassis, anodized-aluminum exterior and powder-coated base combine for exceptional strength and lasting good looks. Dell Fast Response Free-fall sensor and rubber hard drive isolation help protect data from shocks and vibration.
