

Cisco Mobility Express Bundle

Cisco® Mobility Express Bundle combines Cisco's enterprise-class Wi-Fi in a simple, affordable solution. Designed specifically for small to medium Wi-Fi deployments, Cisco Mobility Express Bundle is built on Cisco's industry-leading 802.11ac portfolio and delivers a new, simple, easy-to-use user interface that provides fast over-the-air configuration in less than five minutes. Small and midsize businesses get an enterprise-class, feature-rich solution without the premium price.

Cisco's Best-in-Class 802.11ac Features with an Easy-to-Use User Interface

Balancing cost and network sophistication is an ongoing struggle for businesses that want advanced wireless technology to improve business efficiency and increase responsiveness to customer needs and market demands. With Cisco's Mobility Express Bundle, small and medium-sized networks can benefit from advanced technology such as 802.11ac, which is the latest Wi-Fi technology standard available today. Even if your IT budget is limited, you can take advantage of features such as these:

Advanced 802.11ac features:

- Better client battery life
- Increased bandwidth for more applications
- Better client density

Ease-of-use features:

- A new, easy, over-the-air installation for operational efficiency
- Simplified monitoring and troubleshooting
- Cisco's industry-leading features enabled by default
 - Get best-in-class WLAN out of the box
 - Reduce configuration omissions or errors

Mobility Express Bundle Components

The Cisco Mobility Express Bundle comes in three different packages designed for a variety of different network sizes and feature needs.

Cisco Mobility Express Aironet 1700 Bundle	Cisco Mobility Express Aironet 2700 Bundle	Cisco Mobility Express Aironet 3700 Bundle
<p>Ideal for midsize offices, schools, and warehouses that need high-performance 802.11ac.</p>  <p style="text-align: center;">AIR-AP1702i-x-WLC*</p> <p>Includes:</p> <ul style="list-style-type: none"> • (2) Cisco Aironet® 1700 Series Access Points • (1) Cisco 2504 Wireless Controller • (25) access point licenses <p>* Note that "x" within the SKU denotes the AP domain selected.</p>	<p>A rich feature set and superior performance to support higher numbers of clients.</p>  <p style="text-align: center;">AIR-AP2702i-UX-WLC</p> <p>Includes:</p> <ul style="list-style-type: none"> • (2) Cisco Aironet 2700 Series Access Points • (1) Cisco 2504 Wireless Controller • (25) access point licenses 	<p>Ideal for midsize or large enterprises that have mission-critical and high-density environments.
